

“Impact of COVID-19 Pandemic on ASEAN Energy Sector”

20 May 2020, 14.00 – 15.30 Hrs. (GMT+7 Bangkok), Via ZOOM

Assoc. Prof. Dr. Suneerat Fukuda,

Director

*The Joint Graduate School of Energy and Environment (JGSEE),
King Mongkut's University of Technology Thonburi*

Assoc.Prof.Dr. Suneerat Fukuda is the Director of the Joint Graduate School of Energy and Environment (JGSEE) and Centre of Excellence in Energy Technology and Environment, King Mongkut's University of Technology Thonburi, Thailand. Dr. Fukuda received BSc in Chemical Technology from Chulalongkorn University, Thailand, in 1996. Then, she received MSc and PhD in Chemical Engineering from Imperial College London, UK, in 1998 and 2002, respectively.

Since joining JGSEE in 2004, Dr. Fukuda has been working extensively in the field of energy technology and policy. During her JGSEE directorship, the strategic research platforms in Sustainable Bioeconomy and Energy and Environment for Smart and Sustainable City have been initiated, based on which innovative research is developed.

Her major expertise is solid fuel utilisation for energy production, from fundamental to applied research. Dr. Fukuda is the leader of research projects on biomass/waste supported by government agencies and industries and has published a number of papers in peer-reviewed journals as well as energy technology guidebooks. She has also been involved in a number of projects supported by international organisations as well as projects at regional level including ASEAN Bioenergy STI and EU-ASEAN Network of Excellence on bioenergy.
