

**Bangkok, Thailand – 21 May 2021**

**Ref:** Tissue & Paper Bangkok rescheduled to May 2022

Dear industry professionals,

Following recent and ongoing developments in Thailand, the organizers of Tissue & Paper Bangkok have taken the difficult decision to reschedule the 2021 trade show (scheduled for November) to May 2022.

This decision was not taken lightly and driven by two major facts:

1. The new dates will allow more time for infection rates to come under control and for travel restrictions to ease. We want to give everyone the time they need to prepare for a successful event and by early 2022, the Thai government plans to resume international travel to the country without the need to quarantine, making it easier for our regional audience to meet in-person and connect at our event.
2. Our primary concern is creating a safe and secure environment for our community to meet and do business. We feel that by rescheduling the event to May 2022, we will be able to offer the high-quality event with regional visitors and business opportunities you've come to expect from us.

Both of these factors have led the organizers to the conclusion and painful decision to reschedule Tissue & Paper Bangkok until May 2022. Exhibitors will be contacted by the Sales Teams to discuss their rescheduling options.

The Tissue & Paper Bangkok will soon announce newly created industry blogs and community platforms, which will enable the industry to share, connect, exchange ideas and ask questions and most of all, do business at all times!
